

Task

In this task, there are 2 Panels.

1. Admin (Login Required)
 2. Users (Login Required)
- The design doesn't matter.
 - Use Laravel inbuilt features for the functionality.
 - Everything will be **SOFT-DELETE** in the database.
 - * = Required & Validation

1. Admin Panel

- Modules
 - i. Users
 - ii. Posts

a. Users

- Admin can Listing, Create, View, Update, Delete the users.
